

Color theory green and red

Color theory promotes memory

The way in which colors reinforce and influence each other is just as exciting as working in the same color space. Everyone works on their own canvas, which are later all joined together next to each other to form one large picture. A creative exercise that starts with each individual and becomes a whole as a team.

Topic / Methaphor:

- Change
- Co Creation
- Creativity
- Mindfulness

Group Size:

- up to 10 pers.
- 10-20

Duration:

3 hours

Season:

- Summer
- All-season
- Indoor
- Outdoor

Price Per Person Up

€ 75,00
