

E-Bike Tour

The guided e-bike tour takes you and your colleagues out on powerful e-drives

The guided e-bike tour takes you and your colleagues to selected sights on the western side of Lake Constance! With the Bosch Performance CX motor, cycling becomes a pleasure for everyone! Differences in performance and condition are almost balanced out, so that the riding, nature and group experience is in the foreground! The guides show you the right way to handle the bikes and lead you towards the Höri, Hegau or Bodanrück. The focus is always on garnishing the tour with the most beautiful places on Lake Constance and, if you wish, on finding the right place to stop for a bite to eat.
