

Delightful guided tour of wild herbs

Using the power of medicinal herbs

The natural park around Marbach Castle is ideal for guided tours of wild herbs. The spice of wild herbs, fresh spruce shoots and blossoms is a taste sensation. Together with our wild herb expert, you will discover the diverse world of edible plants during the herb walk. In addition to the fascinating background information on wild herbs, the sensory experience is the main focus. The herb walk begins in our castle park and ends in the boathouse, where the collected treasures are turned into a delicious wild herb butter, which you can then enjoy on fresh bread.
